

High Goals Get Attention at Bitburg

School year 1977-78 has been highly successful for the Bitburg High School Barons. Our enrollment continues to climb slowly and steadily. This past year students have worked hard and studied conscientiously. Our curriculum offerings are wide, varied, and comprehensive. Our activity program is second to none among the DODDS-EUR Schools. The high degree of faculty-student unity is a mark of a unique situation.

For those remaining at BAHS, I urge you to continue to put forth your very best efforts and devote your full loyalty to your school.

For those who will graduate, be sure that you reflect and recall the spirit of cooperation you have learned here, and practice it in your lives.

JOHN F. LOVE,
Principal
