"A real good group facing impossible odds," that's how Coach Marilyn Richard described the 1981 JV Volleyball team. This year's JV team had an exciting start, but the pace slowed down as many outstanding players moved up to the Varsity team and left the JV team somewhat depleted. Even with this problem, they averaged rather well. This year was a building year with new coaches and players. Control was highly stressed, with an effort to get away from beach style volleyball. They still retained the fun and excitement of the game.

Coach Marilyn Richard enjoyed her first year of coaching volleyball at BHS.
