

1987-88 SECRETARIAL STAFF: Nona Black, June Reyes, Annemarie Schaefer, and Diane Taylor.

Mrs. Reyes — Cleopatra. I would kill the asp before it would kill me.

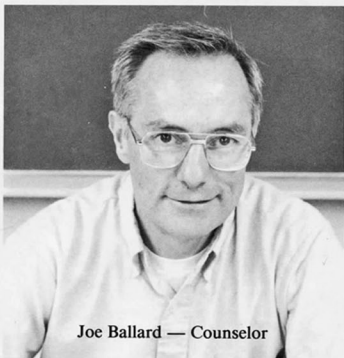

Mrs. Taylor — Whoopi Goldberg, so I could dress the way I want to and crack silly jokes. Also, maybe I could do something with my hair.

Nurse Suellen Kaiser — Florence Nightingale. So I can appreciate what it really means to be a nurse, to actually see the benefits of "hands on" healing. I can think of no other time in history when nursing was more difficult.

Regina Zilinski — Counselor

Joe Ballard — Counselor

Mr. Ballard. I would have been an internationally known entertainer such as John Denver or Neil Diamond. It would be fun and bring enjoyment into people's lives.
