

13 Year Senior

David Heidt, this is one Senior who doesn't think about only having 6 months till he goes home. No, for David is home. David has spent his learning years at this Base in the Eifel. For most of us being military dependents spending 3 or 4 years in the same place is unlikely but, for David all of his memories of K through 12 are of schools a few blocks away from each other. David, has experienced friends leaving but, not leaving friends. So if you have an interest in knowing a little of Bitburg's past just ask this true Baron.

For 26 of this year's Seniors Bitburg High has been their only high school. These 26 have said goodbye to classmates and welcomed in the new, teaching them too how to be true Barons. For these 26 there are many memories they share of four years together but, it is time for these 26 to say auf Wiedersehen Bitburg High.
