

CONNECT FOUR

Most of the four year seniors at Bitburg American High School were glad to be among the few here who could graduate at the same school they started in.

Over the past four years there have been many changes around the school. Napadon Rogers said, "I am glad to be a four year senior because I met a lot of people in Germany. I enjoyed seeing all the changes from my freshmen year to my Senior year, like the clubs during the activity period!"

Melanie Brumley likes having been a four year senior because, "I have seen so many changes in the

school, and friends coming and going really makes great memories." Eric Bejerano said, "It's great to be a four year senior, just to know that one great step in life is over!"

We even started to get close to teachers and confide in them. But as often happens in the military, people must leave and we wondered if we would make it through. But we did, and now it is our turn to say goodbye.

Four year senior, John Pietz probably said it best, "I think it is great to have been a four year senior. Thanks to all the people to made it special."

"Being a four year senior was really fun. I met all kinds of people, but the best is graduating and getting it all over."
