

THE EXECUTIVE LINK

It is a tough job, but someone has to do it. Well, the four people who were voted in office to take on the responsibility are Michelle Mellen, Rhonda Gilbert, Jennifer Miller, and Susan Doss. As President of the Senior class, Mellen runs the show and delegates jobs when they need to be done. She said, "I wanted to do my share as a responsible student." She added, however, that she would not like a career in politics because she doesn't "need that kind of stress." Miller, Senior Class Secretary, said she ran for her posi-

tion "to be in the decision making process."

Miller, together with Vice-President Gilbert and Treasurer Doss, follow Mellen's lead to "help Seniors have a good year and enjoy their last year."

Some of the things they would like to accomplish this year include: raising class spirit through more student involvement, having a safe and fun-filled Senior class trip and completing a successful Graduation ceremony.
