

ABSOLUTE ADVANTAGES (NOT!)

SENIOR PRIVILEGES - something everyone looks forward to from the time they become freshmen. For the past three years we have waited to experience these special privileges, but what we have found is there AREN'T ANY.

Most of the seniors have decided they would like the following: A longer lunch, priority in the lunch line, and a senior lounge.

Senioritis is taking its toll and having school Monday through Friday is not very popular. Some possible suggestions are: "Going to school one day a week." Chris Hoff "Out of school on Fridays."

Tammy Hallmark "Mondays OFF." Laura Avery

On the subject of tests and homework these seniors said: "No stress, no homework." Brian Park "No ACTs or SATs, automatic acceptance to the college of our choice." Ricky Ybarra "No exams if you have a B+ or better in a course." Lamont Robinson.

The most unusual suggestions for senior privileges were expressed: "Valet parking service." Jennifer Miller "Free car rental service." Anthony Dowse

Maybe for the graduates of 1994, these privileges will have to come to pass, and you will be able to thank us, the CLASS OF 1991!!!

"When you're a Junior, you're like Senior, the ultimate, total power!! You expect everything to happen, it's like receiving a whole heap of maturity all at once...but when SENIOR year finally came, I got NOTHING!!"
