"Where did that ball go?" wonders Lisa Holmstrom.

"Ok, I caught it and you can't have it. What do I do with it now?!" asks goalie Cortney Spear.

The 1998 Lady Baron's soccer team started the season with high hopes. The many experienced returning players will be a great asset to the team. However, the numerous new players will also bring talent and determination to the already-strong team.

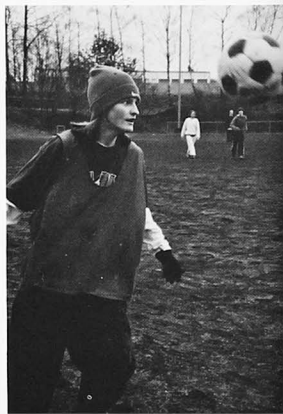

The first game will be at home against Wiesbaden, and many games will follow in places like SHAPE, Baumholder and AFCENT.

The players are enthusiastic and strong-willed, which will hopefully lead to successful teamwork at the European Championship Tournament.

WILD WOMEN WIN!!!!

The ladies' soccer team, in all their wisdom, think silently, "We said we'd play this game, but which coach is the Duck and which is the Goose?"

Hopefully the evil plot to distract Brandy Nix so that the incoming ball knocks her socks (and hat!) off failed.
