Many people have been a part of my life during the past 2 years. I would like to thank my closest friend who knows all my skeletons in the closet. How could I ever forget all the crazy times we shared? And to that special teacher who is always near to my heart, thank you for all you taught me. I will never forget you.

Rachel Murphy (Matthews)

Thank God for blessing me with such a wonderful family. For my friends, ya'll are the greatest. I love you all and will miss you so much. "Never doubt that a small group of people can make a change, in fact, it's the only thing that can."

-Margaret Meade

I have learned so much from my experiences here! I will remember them and cherish all my friends forever. If I had to choose one quote about my experiences here in Bitburg, it would be: "It's another brick in the wall."

"Carpe Diem" – Seize the day! As we walk down the road of life, it is important to learn from past experiences, prepare for the decisions of the future, but remember to appreciate today. Live each day as it may be your last. "The day you die will be like any other day...only shorter."  
-Samuel Beckett

Katie Reitman

Take life one day at a time. Cherish every memory and value every relationship. The friends I've made will be with me forever. I thank them for laughing at my jokes and wiping my tears. Most of all, I thank God for giving me the strength to do all things. "Enjoy yourself, these are the Good Ol' Days".

Jeffrey Seegers

Thanks to my family for being there when it counted. Thanks to my friends for constant laughs. I'm going to miss you all – new and old. "It's a little childish and stupid, but then so is high school. Life moves pretty fast, if you don't stop and look around once in a while, you could miss it."  
-Ferris Bueller

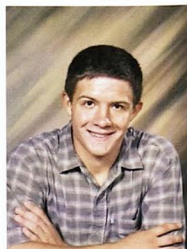

Patrick Short

"The gentleman does not needlessly remind an officer of a wrong he may have committed against him. He cannot only forgive, he can forget; ... to let the past be but the past. A true man of honor feels humbled himself when he cannot help humbling others."  
-Robert E. Lee

Peter Rochen

On a tiny base located in a small town, I found not only a home, but myself. Friends, peers, enemies, family and BHS provided me with cultural experiences and opportunities which shaped the person I am today. "It's a long way to the top, if you want to Rock N Roll"
