Faces of BHS Tennis!

Jeremy Maestas

How old were you when you first started playing Tennis and why Tennis?

"I first started playing at the age of 14. Tennis is a sport that requires really good hand-eye coordination and not a lot of muscles."

Andrew Crawford

What school or person who was the most difficult opponent?

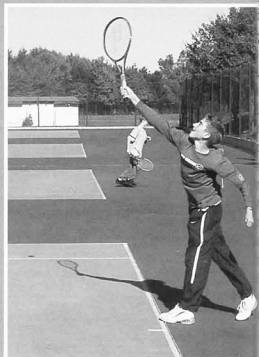

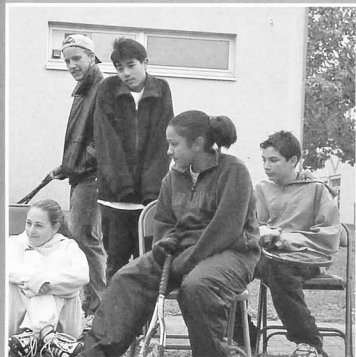

"JSB, I mean some of these dudes were practically born with a racket in there hand. What killed us was the intimidation factor."
