

# Set! Match! Point!

Set, Match, Win!!! It takes a lot to be a tennis player. You can't just grab a racket and start playing. It takes motivation, skills, laughter, and of course tennis balls.

This year's BHS team is led by veteran coach Mr. Pete Vadney who has devoted a lot of his time to making the team great. Also, with the help and leadership of Taryn Maxwell, Jordan Mathews, and Brittany Garcia the team was able to shine. Showing up to practice in rain or shine, the team was always prepared to practice their hardest.

Many people that believe that tennis isn't a very rugged sport apparently have not been to a real tennis game. A tennis player needs flexibility, upper body strength, and speed. Not many people are able to keep a ball moving for more than one minute at a time with the crowd watching their every move.

This year many of BHS tennis team members represented our school in the 2002 Divisional Championships held in Wiesbaden. Those players were Jordan Mathews, Brittany Garcia, Taryn Maxwell, Jeremy Maestas, Erik Martz, and Ashley Weston.

The BHS Tennis Team had a great season and look forward to next year!!
