

Winter Cheerleaders

Winter Cheerleading, also known as basketball season, is a lot more competitive and strenuous than the previous football season. The team has to worry about Europeans and keeping their Division II Championship title. At Europeans, in Mannheim, the Cheerleaders kept their winning streak and brought home a 1st place Division II plaque and also the Spirit Award. The Spirit Award is rewarded to the squad with the best sidelines, facials, dances, and performances, and even though it was a difficult task the cheerleaders came through and made their school proud. Next year the team is going to have to face the unfortunate loss of their three senior members: Jessica Meche, Amber Shipp, and Samantha Diaz. Well with a lot of practice and dedication they can keep the legacy alive and took home a third Division II title.
