

LADY BARONS

A S K E T B A L L

"I cannot congratulate these ladies enough for an outstanding year as this season was much better than our record showed. As usual, we played mostly Division I teams and we hung in with all of them. A five point loss and then a three point win over Ramstein, taking two games from Baumholder and then splitting with Mannheim leads to a very successful season in my book. The Lady Barons played great at

Europeans taking Vicenza by twenty-eight but we lost by four to Bamberg, whom eventually won the VII title. Great job ladies and I am very proud to have coached you.

By the way, did I mention that we beat Ramstein?"
